Applicants' remarks and amendments, filed on December 7, 2006, have been carefully considered. No claims have been canceled or added; claims 1-15, 19-24, 31, and 32 remain pending in this application.

Election/Restrictions

1. Claims 22-24 and 26-30 remain withdrawn from further consideration pursuant to 37 CFR 1.142(b), as being drawn to a nonelected process for selectively removing alkynes or diolefins from a feedstock also containing olefins, there being no allowable generic or linking claim. Applicant timely traversed the restriction (election) requirement in the reply filed on October 14, 2004.

Claims 1-15, 19-24, 31, and 32 remain under consideration by the Examiner.

Claims 23, 24, and 26-30 are indicated as "previously presented". These claims should, like claim 22, be indicated as "withdrawn". This non-compliance is waived to advance prosecution.

Withdrawn Rejections

The 112(2) rejection of claims 1-10 stated in the previous Office Action has been withdrawn in view of Applicants' amendment to claim 1.

The following rejections of record have been withdrawn in view of Applicants' persuasive arguments:

(1) The 103(a) rejection of claims 1-10, 31, and 32 as being unpatentable over Moser et al. (USP 6,514,904),

(2) The 103(a) rejection of claims 1-15, 19-21, 31, and 32 as being unpatentable over Robinson et al. (USP 4,522,935), and

(3) The 103(a) rejection of claims 11-15 and 19-21 as being unpatentable over Moser et al. (USP 6,514,904) in view of Robinson et al. (USP 4,522,935).

EXAMINER'S AMENDMENT

2. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Rick James on January 5, 2007.

The application has been amended as follows:

a. Please cancel non-elected claims 22-24 and 26-30.

Allowable Subject Matter

3. Claims 1-15, 19-24, 31, and 32 are allowed.

Reasons for Allowance

4. The following is an examiner's statement of reasons for allowance:

The prior art of record does not teach or suggest the claimed catalyst composition consisting of a rhodium component (deposited from an nitrate precursor

Art Unit: 1755

and present in an amount less than 3.0% by weight of the total catalyst composition) and an indium component (deposited from a nitrate or formate precursor and present in an amount of at least 0.3% and less than 5.0% by weight of the total catalyst composition).

Applicants' claims are limited to the recited elements.

Both Moser et al. and Robinson et al. teach additional components that are excluded by Applicants' claims in their present form.

For these reasons, in addition to Applicants' arguments, Applicants' claims are allowed.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
